

The Dauphin County Woodland Owners Association has planned this day long conference to provide private forest landowners with forest management strategies to promote a healthy and sustainable forest. Topics will include; pest identification and management; timber stand improvement; and habitat management for wildlife.

Speakers represent diverse forestry related professions including professional foresters, plant pathologists, entomologists, wildlife biologists and forest land managers.

Conference registration includes morning refreshments and lunch. Preregistration is needed to assist conference planning. Your assistance is greatly appreciated. Please note any special dietary needs

The Dauphin County Woodland Owners Association is an organization of woodland owners who are interested in preserving and conserving woodland in a sustainable manner. Throughout the year this group of men and women conduct educational programs for forest landowners and conduct service oriented programs related to timber management.

Your participation in this conference and other Dauphin Woodland Owners Association programs is encouraged. A membership brochure and enrollment form is included in this meeting announcement.

Paul H. Craig
Extension Educator - Agriculture
In coordination with Matt Weir,
DCWOA President and Andy Brought,
Department of Conservation and Natural
Resources Bureau of Forestry
